The Walsons Group & Securitas India

Dear Friends,

In 2007, 10 years ago we started a journey with Securitas AB and Walsons exclusively partnering together to build out a high quality security services organisation in India. This 10 years milestone is a representation of our shared commitment to making progress and to building a robust delivery platform based on mutual ethical beliefs and corporate governance values, which today are pioneering the growth of the compliant & organised security industry segment in India.

Our success is dependent on the success of our clients and each of us at Securitas remains invested in their satisfaction. The ability to build enduring partnership with our customers and stakeholders allows us to foster a level of pride in our work that is immeasurable. We continue to be forward facing and focussed towards evolving our operations that will enable improved customer experience. Trust and continuity makes things possible and through your inputs we drive our innovation and commitment to being the best-in-class security organisation.

As Securitas in India we are ten years strong and as The Walsons Group we complete twenty years of our continued commitment to being a trusted essential services provider. On this special juncture, we would like to express our deepest gratitude to our distinguished clients, key stakeholders, employees, friends and families who have been an integral part of this incredible journey. Our journey continues, with even a greater sense of purpose and responsibility.

Wishing your loved ones and you a safe & progressive new year ahead.
